PROJECTS

Manaze — ERP

Manaze is an all in one ERP software and Business Management Software that helps you manage each department from a single screen. It has multiple modules like HR, Sales, Finance & Inventory.

Days of Poker Results — Gaming Statistics

It displays the overall ranking of each player and displays the total number of games played as well as the number of victories in each quarter. It offers an Elite Series, which upgrades and degrades players every three months, much like the Duolingo programme.

Education 2.0 — School Management System

With the help of Education 2.0, schools may manage the records of each student, their fees, their attendance and leave information, and their report cards. Seeing their attendance, calendar, lectures, and report card with figures and percentages is extremely helpful to students.
